"Angus T Loner to Celebrate Success at Cedar Hollow School"

Friday, April 23, 2010

2:15 p.m.

Cedar Hollow School, 4900 S Engleman Road, Grand Island, NE

Cedar Hollow's 350 students attended an assembly on April 7, 2010 to learn about endurance and perseverance. Following the program Angus T Loner arrived to tell his story as a local example of what a difference can be made when you get involved to help. He is visual proof that animals and people can go through tough times and make it when they are supported.

The Student Council toured the Central Nebraska Humane Society later that afternoon to learn more about animal issues in the community. Under the leadership of Mr. Steve Retzlaff, the Student Council began a campaign to educate the entire student body about what they learned and how together their school could make a difference.

From April 12 to the 16th, the grades challenged each other to raise funds to lend their support to animals who are lost, afraid, homeless and hungry. On Friday the Executive Director Laurie Dethloff received a call from Mr. Retzlaff with the news they had raised \$1,084.00. Retzlaff stated " I will have an official total on April 23 due to a few kindergarteners who had forgot their money and were about in tears because they didn't get to help."

Angus and Student Council will be delivering dilly bars to the entire school on Friday April 23 at 2:30 to say thank you.
